

KAISER & FRAZER PARTS CORPORATION

Willow Run, Michigan, U. S. A.

PARTS & ACCESSORIES

BULLETIN NO. 3

December 10, 1946

TO ALL DEALERS (Except in the State of Texas):

Subject: Rear View Mirror - Outside

We are now prepared to supply you, through your distributor, with an accessory which has been established as a popular and useful item.

The Rear View Mirror mounted on the outside of the left front door post not only assures the driver of clear vision of the road behind, but is especially useful when passing cars on the left.

Mirrors are of non-glare glass, encased in bright chrome frames, and are adjustable to any desired angle. The die-cast mounting bracket is attached to the door flange with special set screws which are concealed when the door is closed, and fits both the Kaiser and Frazer, as well as many other makes of cars.

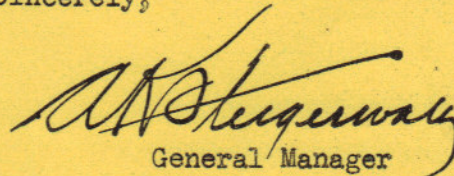

Below we are giving you the necessary information for ordering, together with the suggested list price and net prices:

<u>Name</u>	<u>Part Number</u>	<u>List Price</u>	<u>Dealer Net Each</u>	<u>Dealer Net 10 or more</u>
Rear View Mirror (Outside)	200Q11	\$2.75	\$1.95	\$1.70

All prices are F.O.B. shipping point and include Federal Excise Tax.
PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Mirrors are individually boxed in attractive containers for display purposes. Distribution of Rear View Mirrors will be handled through your distributor. We would, therefore, suggest that you immediately send an order to your distributor for 10 or more of this popular and profitable accessory. Do not send the order to us. Send it to your distributor, please. Shipment will be made promptly.

Sincerely,

General Manager
