

KAISER & FRAZER PARTS CORPORATION

Willow Run, Michigan, U. S. A.

PARTS & ACCESSORIES

BULLETIN NO. 3

November 15, 1946

TO ALL DISTRIBUTORS AND DEALERS:

Subject: List of Authorized Libbey-Owens-Ford Glass Company Distributors

Attached you will find a list of the authorized Libbey-Owens-Ford Glass Company's distributors.

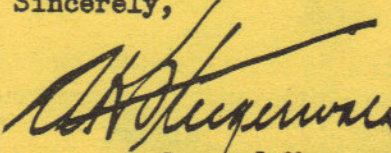

Following the long established practice of the automobile manufacturers, it is not our intention to furnish replacement door, windshield, or rear window glass for the Kaiser and Frazer cars. It is a well-known fact that furnishing replacement glass for automobiles is a highly specialized business requiring knowledge and skill in handling, packing and shipping and necessitates proper equipment to store it to prevent breakage so it will be in perfect saleable condition when needed. For these reasons, stocking and handling of the replacement glass mentioned above has not only been an unsatisfactory and unprofitable experience for car manufacturers, but for distributors and dealers as well.

If you are not already acquainted with the Libbey-Owens-Ford dealer in your locality, we would suggest that you write the closest Libbey-Owens-Ford distributor requesting the name of the local dealer, and secure your requirements of these items from that source when needed. You will find that these glass distributors and dealers will be very glad indeed to take care of your glass needs at a price which will enable you to make a profit and also to render valuable service by properly fitting and installing it for you.

Window and windshield glass for all our cars will be carried in stock by all of these distributors and their dealers. The rear window glass, however, which requires extra care in handling and shipping, due to its size and shape, will be stocked by the distributors only. These distributors are strategically located, and if you are doing business with a dealer he will be able to obtain the rear window glass promptly from the closest distributor when one is required.

Should you experience any difficulty at any time in obtaining your glass requirements, we shall be glad to have you write us.

Sincerely,

General Manager

AKSteigerwalt/vf
