Willow Run, Michigan, U.S.A.

PARTS & ACCESSORIES

BULLETIN NO. 5

TO ALL DEALERS (Except in the State of Texas):

December 16, 1946

Subject: Front License Plate Bracket and Guard Package

Certain states, for 1947, will revert to the pre-war practice of issuing two license plates.

To accommodate the front license plate installation on cars produced prior to its use as a production item, we have prepared a Front License Plate Bracket and Guard Package which includes the License Plate Bracket, two Bumper Guards and all attaching parts, together with instructions for drilling the bumper to make the installation.

With the front license plate mounted in the center of the front bumper, it is obvious that protection must be provided. We are, therefore, including as a part of the package, a pair of Front Bumper Guards which will not only protect the license plate and bracket, but will also provide additional protection for the radiator grille.

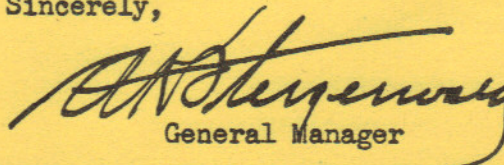

Below we are giving you the necessary information for ordering, together with the suggested list and your net price:

<u>Part No.</u>	<u>Name</u>	<u>Suggested List Price</u>	<u>Dealer Net Each</u>
202269	Front License Plate Bracket and Guard Package - Frazer	\$11.65	\$7.65
202270	Front License Plate Bracket and Guard Package - Kaiser	10.65	7.15

All Prices are F.O.B. Shipping Point and include Federal Excise Tax.  
PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Distribution of these Front License Plate Bracket and Guard Packages will be handled through your distributor. If you are located in a state requiring both front and rear license plates, we would suggest you place your order immediately with your distributor for your requirements of these accessory packages. Do not send the order to us. Send it to your distributor, please.

Sincerely,

  
General Manager
