Subject: Gas Tank Cover Lock, Part No. 100097

We are pleased to announce the introduction of a new inexpensive locking device for preventing gasoline theft.

This new Yale Cylinder Lock is installed in the gas tank filler cover and not only prevents theft of gasoline, but holds the cover securely and stops it from fluttering at high speeds.

The Gas Tank Locking Cap, Part No. 200012, is being discontinued inasmuch as the Gas Tank Cover Lock, Part No. 100097, replaces it.

Below we are giving you the necessary information for ordering, together with the suggested list and net prices:

<u>Part No.</u>	<u>Name</u>	<u>Suggested List Price</u>	<u>Dealer Net Each</u>	<u>Dealer 10 or more</u>
100097	Gas Tank Cover Lock	\$1.25	\$.80	\$.75

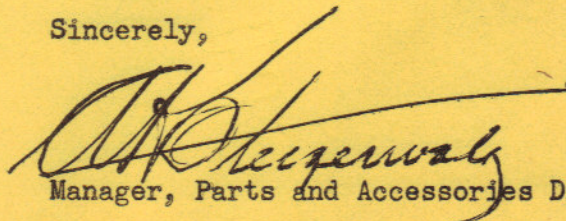

Prices are F. O. B. Shipping Point and Include Federal Excise Tax
PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE

This Gas Tank Cover Lock with two (2) keys is individually boxed, and we would suggest that you place your order for your requirements of this new accessory. You will note that you will receive the lowest net price by ordering ten (10) or more locks at a time, and in so doing secure the greatest margin of profit on each sale.

PLEASE DO NOT SEND YOUR ORDER TO US, SEND IT TO YOUR DISTRIBUTOR.

Sincerely,
