PARTS & ACCESSORIES

BULLETIN NO. 29-A

September 27, 1950

ALL DEALERS:

Subject: Package Tray Cover - 1951 Kaiser

We are pleased to announce the availability - as an accessory - of a Package Tray or Shelf Cover for the 1951 Kaiser models.

The purpose of this Package Tray Cover - for which we have received many requests from both distributors and dealers - is to provide a covering for the sheet metal package tray which would eliminate glare created by the sun shining through the rear window affecting rear view vision and also to enable owners to make use of the Package Shelf or Tray for carrying packages and loose articles without danger of marring the painted surface of the metal package tray.

These Package Tray Covers are made of heavy embossed pyroxilin coated cardboard and will be supplied in six (6) different colors to match the interior trim used in the 1951 Kaiser. These Covers in colors to match the trim with the edges bound with Extruded Vinyl; cut to fit the contour of the Package Tray, requiring no labor for installing, are both attractive in appearance and serviceable.

Below we are giving you complete ordering information, together with the suggested list and net prices:
