BULLETIN NO. 41-A

January 12, 1951

ALL DEALERS:

Subject: New Henry J Radio - Part No. 100205

We are pleased to announce a new Radio for the Henry J, which will be made for us by the manufacturer of our present Kaiser 8-tube set.

This new Radio incorporates the latest developments in radio design to provide the finest reception possible in a 6-tube automobile receiver. The excellent tone of the 9" oval speaker - the convenience of 5 pre-selected stations for automatic tuning - the extra power for plus performance - all contribute to make this new Henry J Radio a most satisfactory one.

Below we are giving you the necessary ordering information, together with the suggested list and net prices:

<u>Part No.</u>	<u>Name</u>	<u>Suggested List Price</u>	<u>Dealer Net Each</u>	<u>Dealer 4 or more</u>
100205	Radio - Henry J	\$65.50	\$45.50	\$43.25

PRICES INCLUDE FEDERAL EXCISE TAX AND ARE SUBJECT TO CHANGE WITHOUT NOTICE

Radios are packed in individual cartons with all attaching parts. NO SEPARATE CONVERSION KIT IS NECESSARY. Four (4) Radios are contained in a shipping carton, so your orders to your distributor should be in multiples of four (4) for ease in shipping and to get the benefit of the quantity lot price. Base your needs on the number of Henry J cars you expect to receive rather than on the minimum quantity. By so doing, you will be assured of having radios in stock at all times to take care of your retail needs.

Place your order with your distributor for your requirements of this new Henry J Radio. Please do not send your order to us.

Sincerely,

  
Manager, Parts and Accessories Div.
