PARTS & ACCESSORIES

BULLETIN NO. 52

October 17, 1947

TO ALL DEALERS:
(Except in the State of Texas)

Subject: Windshield Washer Anti-Freeze Solution, Part No. 200033

With the approach of freezing weather, it is necessary to use an anti-freeze solution in the container holding the water for the Windshield Washer, Part No. 200013. We are prepared to furnish this anti-freeze solution packaged in six (6) ounce bottles which is sufficient for three (3) Windshield Washer refills.

In addition to preventing the water in the Windshield Washer container from freezing, this solution is also very effective for removing insects from the Windshield, and, therefore, is satisfactory for year around use. Every owner whose car is equipped with a Windshield Washer will want to carry a bottle or two in his car so it can be added to the water each time the container is filled.

Below you will find complete ordering information together with the suggested list and net prices:

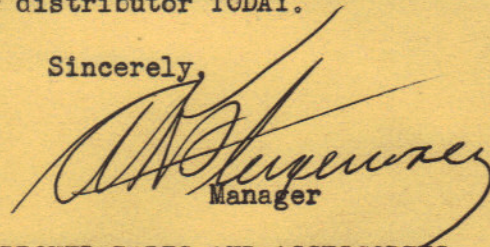

<u>Part No.</u>	<u>Part Name</u>	<u>Suggested List Price</u>	<u>Dealer Net Each</u>	<u>Dealer 12 or more</u>
200033	Solvent Fluid, Windshield Washer	\$.65	\$.40	\$.36

All Prices are F.O.B. Shipping Point and include Federal Excise Tax.
PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE

Solvent Fluid is packed in a carton containing twelve (12) 6 oz. bottles, and we would suggest you place your order at once with your distributor for one or more cases. When your stock is received, notify your owners who have purchased Windshield Washers of its availability in order that they can have the winter protection Solvent Fluid will give them and so they will not be without the use of their Windshield Washers during the winter months.

Don't delay making this solvent available to your owners until freezing weather arrives. Place your order for your requirements with your distributor TODAY.

Sincerely,

Manager
