Willow Run, Michigan, U. S. A.

PARTS & ACCESSORIES

BULLETIN NO. 56

November 29, 1947

ALL DEALERS:

Subject: Supplement to the Second Edition of the Advance Parts List

We are enclosing herewith a supplement to the Second Edition of the Advance Parts List for the Kaiser Model E-100 and the Frazer Models F-47 and F-47C.

This supplement contains the new parts added to both the Kaiser and Frazer cars since the publication of the Second Edition of the Advance Parts List in June 1947.

The parts listed in the enclosed supplement are arranged in groups in the same manner as the Advance Parts List, and if groups are already established in the Advance Parts List, the parts listed in the supplement are shown under the same group number.

We would suggest that one of these supplements be added to each of the Parts Lists you have in use and that those responsible for specifying and ordering replacement parts be instructed to refer to this supplement when unable to locate the parts wanted in the Parts List.

We are now engaged in preparing an illustrated parts book, and we do not intend to print another edition of the unillustrated Advance Parts List. It is for this reason that we are supplying you with this supplement.

We will gladly supply you, upon request, with as many copies of this supplement as you require for the Parts Lists you are using in your organization.

Sincerely,

Manager
