Subject: Electric Clocks

During the past season, we had many requests for Electric Clocks for installation in Kaiser and Frazer cars, but unfortunately, no clock manufacturer had sufficient production capacity to supply us with this popular accessory.

We have now made arrangements with a nationally known watch manufacturer to furnish our requirements on Electric Clocks for 1949 Kaiser and Frazer models. Electric Clocks will be included in the accessory package and installed at the factory on all Frazer models. Through the Accessory Division, we will supply Electric Clocks for all 1949 Kaiser cars, individually boxed and with all wiring and attaching parts for installation.

The Kaiser Clock is beautifully designed with dial and face matching the speedometer. The clock installed in the space provided in the instrument panel lends harmony to the dash, and "keeps time" within easy vision of all car occupants.

Below we are giving you the necessary information for ordering, together with suggested list and net prices:

<u>Part No.</u>	<u>Name</u>	<u>Suggested List Price</u>	<u>Dealer Net Each</u>	<u>Dealer 6 or more</u>
100059	Electric Clock	\$17.75	\$12.45	\$11.30

All Prices are F.O.B. Shipping Point and Include Federal Excise Tax
PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE

Installation time - .3 hrs.

Kaiser Electric Clocks are individually boxed for display purposes. You can make your greatest profit by ordering not less than six (6) at one time, and thus be assured of having clocks on hand to make immediate installation for your owners. Place your order today with your distributor.
